Welcome to the KLINGSPOR Family!

We're excited to have you on board and appreciate your trust in us for your abrasive needs. Our loyal customers are the heart of KLINGSPOR, and we remain committed to offering the highest-quality abrasives backed by exceptional service.

As one of the few suppliers with full-time factory reps, we work hands-on with you to understand your goals and provide tailored, cost-effective solutions straight from the factory. You'll find your personalized product and pricing list for quick, accurate ordering, plus a look at the full range of KLINGSPOR offerings. Let us know if you'd like to explore any new items.

You'll also find product samples inside. Give them a try — we're confident you'll see the KLINGSPOR quality firsthand. In today's fast-paced market, customers rely on suppliers who listen, respond quickly, and deliver consistent quality. That's where KLINGSPOR gives you the edge — exceptional products with unbeatable value and service. This customer-first, quality-driven mindset has been at the core of our culture since 1893.

With over 125 years of innovation in abrasives, especially for woodworking and millwork, we continue to deliver industry-leading products designed to help you succeed. Our mission remains simple: great products, great service, and the sanding power your business deserves.

**KITCHEN
CABINET
MANUFACTURERS
ASSOCIATION®**

As a member of the Kitchen Cabinet Manufacturers Association, we are one of the leading manufacturers in the coated abrasives industry. Membership demonstrates our commitment to quality, sustainability, and compliance with recognized standards. It also provides valuable access to industry research, networking opportunities, advocacy, and certification programs—helping us stay competitive, informed, and trusted by our partners in the KCMA.

KLINGSPOR

The Most Sanding Power for Your Money Since 1893!

Cabinet Manufacturing Categories

SANDING DISCS

Attached to orbital or random orbital sanders, abrasive discs are common in the finishing process. Available in grits 40-2000 with Kling-On (hook and loop) or PSA attachment.

SANDING SHEETS

Standard sheets are used with hand blocks or sanders. Available plain or with Kling-On (hook and loop) or PSA attachment.

SANDING BELTS

Used in belt sanders for aggressive stock removal, intermediate sanding, and finishing. Available with polyester, cotton cloth, and paper backings.

FLEXIBLE ABRASIVES

Sanding sponges and pads for contoured surfaces and hand sanding for the cabinet manufacturing industry. Many types of shapes and sizes to get into the exact area that is needed.

SPECIALTY ABRASIVES

Our industrial router bits are made from only the highest quality materials. Our industrial quality saw blades are 100% manufactured in Germany to the highest standards. Virgin German steel plates and large Ceratizit carbide teeth provide incredible performance.

POWER TOOLS

We offer many power tools for our sanding and finishing products to assist in the overall completion of your workpieces. These products are often a necessity to accomplish specific tasks whether for the sanding of contoured parts or the final-finishing sequences.

SAFETY PRODUCTS

Klingspor is very serious about safety and is a founding member of the Organization for the Safety of Abrasives (OSA). We have a complete line of safety products to help you reach your safety goals.

FUSION FOAM Aluminum Oxide or Silicone Carbide

Features an abrasive slurry that is poured onto a foam pad with no substrate between to provide an exceptional conformability and consistency of finish. Can be used wet or dry for finishing applications in many cabinet making and other applications where the finest of finishes is required and performance and longevity is desired. Does particularly well on the fine sanding of the darker solid surface materials.

Properties:

Bonding Agent	Resin
Grain	Aluminum Oxide or Silione Carbide

Properties:

Coating	N/A
Backing	Foam

Applications:

Paint	●
Plastic	●

Available Grits: 800 - 1000, 1200 - 1500, 1500 - 2500, 2800 - 3500

Abrasive Styles: Discs or Sheets

PSA tab or Kling-On® (3", 5" or 6")

* Discs are available in ALUMINUM OXIDE in 800-1200 and 1200-1500 grit.

* Discs are available in SILICON CARBIDE in 800-1200, 1800-2500 and 2800-3500 grit. Please specify when ordering.

Saw Blades

Over the years, KLINGSPOR has strived to offer our customers not only the best abrasives, but also the best products available and we are proud to introduce our new INDUSTRIAL CARBIDE TIPPED SAW BLADES to continue that effort. KLINGSPOR Carbide tipped saw blades are 100% manufactured in Germany to the highest standards. They are laser cut from virgin German steel and precision flattened, ground, and tensioned for balanced cutting. They offer large German Ceratizit carbide tips to ensure clean cuts and superior life. Klingspor industrial carbide-tipped saw blades are tuned and tested to have extremely tight tolerances for incredible performance.

Hand Sanding

Ergonomically designed to fit your hands, they use all materials for hand sanding curved and flat surfaces. The pads are available for use with PSA and Kling-On® discs.

Foam-Backed Sanding

ULTRAFLEX SANDING PADS*

The UltraFlex Sanding Pads are the premium foam pads on the market. These incorporate a dense foam structure and a full, even coating of either aluminum oxide or silicon carbide grains. This makes for an extremely long-lasting pad that is very flexible for finish-sanding of contoured parts and profiles. The pad measures 4-1/2" wide and 51/2" long.

Unit	Grit	Price Per Pack
10 Pack	320	\$23.22
	220	\$23.22
	180	\$23.22
	120	\$23.22
	100*	\$23.22

* Pads are available in ALUMINUM OXIDE in 100, 120, 180, 220, and 320 grit. Pads are available in SILICON CARBIDE in 120, 180, 220, and 320 grit. Please specify when ordering.

SANDING SPONGES*

Our Sanding Sponge is meant for the sanding of slight contours and flat parts. It measures approximately 4" in length, 3" in width and 1-1/4" thick

Unit	Grit	Price Per Pack
10 Pack	220	\$23.22
	180	\$23.22
	120	\$23.22
	100	\$23.22

	120	\$522.46
	100	\$522.46
	80	\$522.46
	60	\$522.46

* Sponges are available in Aluminum Oxide only.

SPONGE BOX SQUARE PADS

Sponge box square pads are KLINGSPOR'S VP73W material that is applied to a pliable, yet durable foam roll. This spongy foam roll has been perforated for a quick dispersion of the 4 1/2 X 5 1/2 square pads. This item was specifically developed to leave a soft scratch when profile sanding by hand. Sponge box square pads are ideal for every finishing department but it is not limited to just that. This product in can be used in almost every hand sanding application.

Size	Grit	Item #	Price Per Box

	035 0400W	SPONGEBOXPL35400	\$82.76

FOAM SANDING PADS

The Foam Sanding Pad can be used on severely profiled parts, because it is more flexible and much thinner. The foam pad measures 5" long, 4" wide and 1/2" thick. KLINGSPOR Foam Sanding Pads are now produced with the latest technological advances. These general purpose foam pads are solvent free and outperform other similar pads on the market.

Unit	Grit	Price Per Pack
10 Pack	220	\$23.22
	180	\$23.22
	120	\$23.22

Safety Products

RESPIRATORS

NIOSH APPROVED N95 PARTICULATE RESPIRATORS

The filter medium has an efficiency of at least 95% against airborne particulates 0.3 microns in size that are free of oils - dusts, metal fumes, microorganisms and non-oil containing mists. The shell doesn't absorb as much moisture from exhaled breath as other masks. The respirators maintain low breathing resistance all day long. The SP1940 particulate respirator offers the same level of protection, but may be used in the presence of oils and/or oil mists.

PROTECTIVE GLOVES

DISPOSABLE GLOVES

KLINGSPOR is pleased to offer disposable protective gloves. Almost every manufacturing facility has applications where latex and/or nitrile gloves are used. They may be used directly in the manufacturing process or simply in maintenance operations. Three versions of our KLINGSPOR gloves are available - regular powder-free latex, 5 mil powder-free blue nitrile and 6 mil powder-free black nitrile.
