

Weld It- Clean It-Move On!

No Slag Left
Behind Promotion

Everything you need to run the pass and finish it right. Klingspor's Stringer Bead solution, paired with our durable handheld wire brush, delivers fast cleanup and a professional finish—right at the jobsite.

Klingspor's Hubbed Stringer Bead Brush:

- Designed for precision weld cleanup
- Smooth, controlled performance
- Carbon and stainless steel wire material available!

Klingspor Handheld Wire Brush:

- Aggressive slag and spatter removal
- Comfortable grip for extended use
- Durable wire construction for longer life
- Carbon steel, stainless steel, and non-ferrous wire material available!

WHY IT MATTERS?

- Faster post-weld cleanup
- Less downtime between passes
- Cleaner weld appearance
- Ready for inspection quicker
- Reliable performance you can count on
